The Zuke Zone

Zuke in Dallas, TX.

In November, I flew to Dallas, Texas for several speaking engagements. The first was as a guest on *Point of View Radio* show with Kerby Anderson. This was a two hour live call in show where we discussed Christianity and the Culture, Why is the Church Failing to Impact our Culture?

That evening I spoke at Rockpointe Christian Fellowship in Lewsville, TX. I spoke on "Generation Exit: Why The Next Generation is

Leaving Church." I presented several disconcerting statistics: nearly 80% of our young people abandon their faith after four years of college, only 10% of Christians have a biblical worldview. In other words Christians think like the culture rather than like Christ. As a result the church is marginalized in the culture and has very little influence in transforming the culture for Christ. After identifying the problem, I presented ways to turn the tide of this dangerous trend.

The following evening I spoke at the Probe Ministries Supporters' Desert Night. At the Probe desert night, I presented *The Apologetics of Jesus*. This message came from the book I co-authored with Dr. Norman Geisler in 2009.

Zuke in Manila, Philippines

From Dallas, I flew straight to Manila, Philippines to speak at the 13th Annual Grace Christian Education Leadership Conference. Nearly 1500 top educators from all over the Philippines attended. Along with the main sessions, there were over 50 different workshops. I was one of the main speakers, and I also taught several seminars including: "Technology and the Environment," "Homosexuality," "Authority of the Bible," "The Silence of God," "Defeating Darwinism," and more... In the main session my topics included,

"Developing the Christian Mind: How We Lost our Minds and How We Can Get it Back," "A Clash of Worldviews," and more... In all I spoke over twenty times in five days. (view photos at Evidenceandanswers.org)

The response was tremendous. Several pastors and teachers invited me to speak at their churches and schools. Many stated, "This is the kind of training we need and the kind of messages we need to hear. We are not equipped to engage the ideas of the cul-

ture and we are often overrun by the philosophies of the culture." It is exciting to see that churches readily admit their need and want to be equipped to engage their culture for Christ. The work seems overwhelming but I am energized by the eagerness of the Filipino leaders. I met

with several leaders and we are praying for future ministry together. There are also several individuals who would like to be trained in a small group setting so they may train others. Grace College is also interested in publishing my first book on apologetics, *Unless I See*, to distribute throughout the country. God has raised up key partnerships and He desires to use us in a significant way to equip

a new generation in this country to defend the faith, engage their culture, and influence it for Christ.

Please pray with me as we seek God's wisdom and leading in equipping these leaders in apologetics, worldview, theology, and Bible so they can be a powerful influence now and to the future generation they are teaching.

Thank you so much for your prayers that sustained me through this trip and brought key partnerships together. I will need sponsors for my next trip in January and funding for future projects like book publishing, internet education, placing our radio show in the Philippines, and other re-

sources are needed for the Christians here.

Please continue to pray and see if the Lord would lead you to be a part of this mission as a prayer partner and financial supporter. As long as God keeps opening these doors, let us together transform lives for Christ throughout the world.

MERRY CHRISTMAS

I hope that you were encouraged from the news you have been receiving. I would like to thank each one of you for your support in prayer and in financial giving. Your partnership is extremely important and it allows me to serve the Lord throughout the world. As you can see, God is using Probe Ministries to touch the lives of millions around the world. This would not be possible without your partnership. 2011 is already looking like an exciting year. I hope that you will continue to support my work with Probe Ministries. You are a very important and appreciated part of the ministry. I look forward to serving the Lord alongside you in 2011.
